

Gladstone Education Foundation

Our Mission

The Gladstone Education Foundation provides a means for schools, individuals and business partners to work together to help students and staff achieve their potential by providing financial support through private funding.

Goals & Objectives

Promote academic achievement and provide enhanced learning opportunities to students, staff and community partners.

Purpose

The Gladstone Education Foundation is a 501(c)(3) non-profit corporation that was created in 2000.

Board Structure

The Gladstone Education Foundation can have up to 20 board members according to our by-laws. Each member is elected for a three year term unless elected to replace a board member mid-term. We are a “working” board. The Executive Committee consists of the Past-President, President, Vice President, Secretary, Treasurer and School District Liaison.

Activities

Fundraising efforts are primarily focused on an Annual Golf Tournament and a Benefit Auction held every eighteen months. All board members are expected to participate in some way during each event. Other fundraising efforts are also held throughout the year. The GEF also has numerous funding partners who contribute financially on an annual basis.

Commitment

Board meetings are held the third Wednesday of each month and last approximately 2 hours. There are also subcommittee meetings that are held outside of the board meeting times. The majority of the GEF work is done outside of the monthly meetings. Board members are expected to attend monthly board meetings in order to allow us to meet deadlines and fulfil the commitments we have made to the Gladstone School District, its students, staff and partners.

Benefits

You will experience a sense of pride and ownership in being part of what makes Gladstone Schools so great. As a board member you will have an opportunity to give back to the schools and educators who have enhanced learning opportunities for your child(ren). You will be a part of Growing Great People and providing enhanced opportunities in learning.
